

EMC—QLOGIC

An EMC Select Partner Overview

ESSENTIALS

Partner products

- Fibre Channel adapters (HBAs)
- Fibre Channel stackable switches
- FCoE Converged Network adapters (CNAs)
- iSCSI adapters
- Intelligent storage routers

EMC products

- EMC® Symmetrix®
- EMC CLARiiON® networked storage systems

Solution highlights

- Choose from a diverse portfolio of networking products including powerful adapters, switches, and routers ideally suited to EMC networked storage environments

POWERFUL ADAPTERS, SWITCHES, AND ROUTERS FOR EMC NETWORKED STORAGE ENVIRONMENTS

QLogic, a global leader and technology innovator in high-performance networking, offers adapters, switches, and ASICs that leading Global 2000 corporations rely on for their data, storage, and server networking solutions. The company delivers a broad range and diverse portfolio of networking products that include Converged Network adapters (CNAs) for the emerging Fibre Channel over Ethernet (FCoE) market, Ethernet adapters, Fibre Channel adapters and switches, and iSCSI adapters and routers. QLogic is proud to partner with EMC to deliver a robust portfolio of products which enables strategic solutions for customers' critical data, storage, and server networking needs worldwide.

FIBRE CHANNEL ADAPTERS

QLogic's powerful Fibre Channel adapters (HBAs) offer exceptional SAN performance and are optimized for today's Nehalem-based servers in virtualized environments. The 8 Gb QLE2560 and QLE2562 adapters also feature low-power designs to ensure power efficiency.

Fibre Channel adapter

Fibre Channel stackable switches

FIBRE CHANNEL STACKABLE SWITCHES

With QLogic products, you can prepare your infrastructure for tomorrow's requirements—without paying for more today. QLogic's award-winning SANbox 5000 Series stackable switches deliver cost-effective performance and revolutionary ease of use.

FCOE CONVERGED NETWORK ADAPTERS

Converged Network adapters (CNAs) consolidate the data networking of a NIC with the storage networking of a Fibre Channel adapter onto a single 10 GbE Ethernet adapter. This means significant data center cost savings while preserving existing investments in Fibre Channel storage and tools.

ISCSI ADAPTERS

Using the familiar APIs and extensive firmware/driver code base of QLogic's popular Fibre Channel products, iSCSI adapters help users build a reliable, secure, and cost-effective Gigabit Ethernet storage infrastructure.

INTELLIGENT STORAGE ROUTERS

QLogic intelligent storage routers offer multi-protocol routing, SAN-over-WAN extension, and data migration.

ABOUT QLOGIC

QLogic is a global leader and technology innovator in high-performance networking, including adapters, switches, and ASICs. QLogic is proud to partner with EMC to deliver a robust portfolio of products which enables strategic solutions for customers' critical data, storage, and server networking needs worldwide. Learn more at www.qlogic.com.

ABOUT EMC

EMC Corporation is the world's leading developer and provider of information infrastructure technology and solutions that enable organizations of all sizes to transform the way they compete and create value from their information. Information about EMC's products and services can be found at www.EMC.com.

CONTACT US

To learn more about how EMC and QLogic products can help solve your business and IT challenges, contact your local representative or authorized reseller—or visit us at www.EMC.com or www.qlogic.com.
