“CAN DO”

ALWAYS DELIVER
INNOVATIVE
EASY TO WORK WITH
PASSIONATE ABOUT BUSINESS
TENACIOUS
REALIZE YOUR AMBITIONS WHILE HELPING CLIENTS ACHIEVE THEIR BUSINESS OBJECTIVES

EMC® Consulting is searching for the best talent to join our growing team. If you’re innovative, creative, and detail-oriented, we want you to help us create and implement solutions that will help our clients improve the way business is done.

We have some of the smartest and most highly skilled talent on our team. Every project is a collaborative effort where you’ll use cutting-edge technologies to build solutions for our clients. You’ll ask questions that yield the right answers to solve our clients’ greatest business challenges. You will be part of a team that helps streamline business processes, create agile solutions with vision and strategy, architecture, and design—and implement them.

No two days are the same. If you’re a tenacious problem-solver who wants to work in an exciting environment where you’ll gain relevant experience and propel your career growth, EMC Consulting offers the ideal setting. Join us—and become one of the world’s leading information consultants.
EMC Consulting creates, develops, and implements innovative, award-winning solutions to help our clients realize their ambitions by bringing information to life. We strive to exceed their expectations and provide solutions so they can retain customer loyalty while growing their businesses. We help clients think more clearly about the private cloud and to leverage their applications.

Industry expertise, combined with our infrastructure and applications, enables us to make what’s complicated and seemingly impossible—possible. We probe, question, and learn what our clients need to design tailor-made solutions. We are innovative. We always put forth a can-do attitude.

If you like building relationships as much as we do, and you’re as passionate about what you do as we are, you belong at EMC Consulting.

WHAT WE DO

We love working with the latest technology and a strong balance sheet. So do our clients. Here are just some of them:

- Tesco
- Denver Health
- Virgin Media
- Actel
- First Data Corporation
- Associated Newspapers
- Barclays
- Erickson Retirement Communities
- M & S
- CLS Bank
- Comet
We’re all about realizing our clients’ ambitions and our own. EMC Consulting works with the world’s most recognizable brands and has extensive relationships with over half of the Global Fortune 500 companies. You’ll have opportunities to meet with some of the most well-respected and influential leaders of these companies to help them help their customers gain greater value. If you’re interested in working with clients in a wide range of industries from retail to healthcare, to financial services and life sciences, and more—and work with industry giants—join our team.

We’ve helped our clients achieve key ambitions. Here are some highlights:

Tesco.com is the world’s largest online grocer, but they still wanted something that made online shopping better, smarter, and cheaper. EMC Consulting helped Tesco develop a ground-breaking, touch-enabled prototype to test new concepts with customers. The future Tesco@home application could mean that customers can shop from home—without opening a web browser.

For Denver Health, a 500-bed hospital, EMC Consulting evolved its processes into an end-to-end digital healthcare environment. With hundreds of newly integrated applications, Denver Health revolutionized vaccine tracking, disease databases and reporting, and insurance verifications to eliminate waste and become more streamlined and cost effective.

Erickson Retirement Communities challenges conventional thinking with 20 campus-style retirement communities across the United States. EMC Consulting helped them consolidate their data centers to a new one and transition an existing data center to a backup and recovery site to reduce risk, save money, and prepare for the future.
JOIN OUR TEAM

When you work with us, you will be part of a smart, dynamic team that comprises a global network of consultants. You’ll have a mentor who will guide you and answer your questions about career options and how to advance. You’ll have the opportunity to use and develop your advisory capabilities as an account-facing industry expert or deliver consulting through core technology expertise as a member of one of our global service lines. We nurture your career and help you to realize your ambitions—both personal and professional.

JOIN OUR COMMUNITY

You’ll be part of a community that not only works hard at the office, but also organizes social events so you can get to know your colleagues better. We come together to share what’s happening on each other’s projects, discuss new technologies, and what is—or isn’t—working. What’s hot and what’s certainly not in technology and business. We also support many community-based, good-will projects. And we want you to join us.
GENEROUS BENEFITS MEANS WE'LL TAKE GOOD CARE OF YOU
