

# ESG: 4 REASONS HYPER-CONVERGED SOLUTIONS ARE KEY TO IT TRANSFORMATION

ESG survey reveals the key benefits of infrastructure convergence for IT Transformation

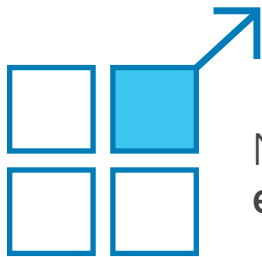

In an ESG survey, 85% of ITDMs said they've deployed, or plan to deploy, hyper-converged systems. Here's how hyper-converged helped organizations on their IT transformation journeys:

**26%**  
deployed  
faster

**24%**

improved **service**  
and **support**

Nearly **1 in 4**  
enhanced scalability

Over **1 in 5**  
simplified  
management

## Move to hyper-converged. Let the transformation begin.

Take the first step in transforming IT. Modernize your infrastructure with converged/hyper-converged systems and speed the delivery of new products to market 4.4x faster. With industry-leading converged/hyper-converged systems from Dell EMC, powered by Intel®, you can jump-start your digital and IT initiatives.
