Dell EMC Integrated Data Protection Appliance (IDPA) provides comprehensive and converged data protection. The pre-integrated appliance is simple to deploy and scale, and supports a diverse application ecosystem, including support for modern applications like MongoDB and MySQL.

Enjoy faster time to protection with an integrated solution that brings together protection storage and software, search and analytics, plus an easy-to-use IDPA system manager in a single appliance. Extend data protection seamlessly to private and public clouds with cloud tier and cloud disaster recovery. Gain business agility with a solution that is fast and modern—your data is protected more efficiently and can be recovered quicker. You’ll get the high value you’ve come to expect from Dell EMC, the number one data protection provider, with industry leading deduplication.

¹ Top-end values are maximums – actual capacity & throughput depends on application workload, deduplication, and other settings.
² Mix of typical enterprise backup data (file systems, databases, email, developer files). The low end of capacity range represents a full backup weekly or monthly, incremental backup daily or weekly, to system capacity. The top end of the range represents full backup daily, to system capacity. All capacity values are calculated using Base10 (i.e., 1 TB = 1,000,000,000,000 bytes).
³ Cloud Tier is not available on DP5300.

4 Does not include the environmental requirements for capacity shelves. For a specific IDPA capacity configuration, the appropriate capacity for the installed DS60 Expansion shelves must be added to the configuration (see below).

Note: Power, thermal and weight requirements are for the configuration without any capacity shelves or cloud tier metadata shelves. To determine the power requirements, please see the section below on expansion shelves.

5 Derate 1.1°C/1,000 ft. above 7,500 ft. to 10,000 ft.

IDPA Rack

Power configuration

Single phase is standard, optional 3-phase. Four power inlet connections. Two power domains (base and extended), each redundant

Plug types

NEMA L6-30p or IEC 60309 332P6

Dell EMC Integrated Data Protection Appliance
Power capacity
200-240 V~, single-phase, 47-63 Hz 4,800 VA (base configuration) 9,600 VA (extended configuration)

AC protection
30 A site circuit breaker on each power domain

Dimensions
40U available rack capacity
Height: 75 in (190.8 cm); Width: 24.0 in (61.1 cm); Depth: 39.0 in (99.2 cm)
Weight: 380 lbs. (173 kg) when empty

DS60 EXPANSION SHELF

External interface (host/expansion)
Quad 8 lane 12 Gb/s serial attached SCSI II (SAS) ports per Link Control Card (LCC). Half of each port is blocked allowing the use of standard mini-SAS-HD connectors. One port is used for the host connection and the other is used for expansion. The host controller runs at 6Gb/s to the DS60.

Connector type
SFF-8088 connectors (mini-SAS)

SAS cable length
Up to 5 meters

Disk drives
60-drive bays per DS60 expansion shelf, support low profile, one inch high, 3.5-inch form factor drives
Drives Choices: SAS (6 Gb/s), 3 TB or 4 TB, and 7200 RPM

Dimensions
Height: 8.75 in (22.23 cm) 5U (4U plus 1U cable management tray)
Width including rails: 17.50 in (44.45 cm)
Depth (chassis only): 34.5 in (87.63 cm)
Maximum depth (fully configured): 36.4 in (92.46 cm)
Weight: 225.0 lbs. (90.7 kg) (with 60 HDD installed)

Operational
Power: 980 VA or 931W (200-240V ~, 47 to 63 Hz)
Thermal Rating: 3177 BTU/hr.

Operating:
Ambient temperature: 41° F to 104° F (5° C to 40° C)
Temperature gradient: 18° F/hr. (10° C/hr.)
Relative humidity extremes: 20% to 80% noncondensing
Elevation: -50 to 7500 ft. (-16 to 2300 m)

Non-Operating (Transportation):
Ambient temperature: -40° F to 149° F (-40° C to 65° F)
Temperature gradient: 45° F/hr. (25°C/hr.)
Relative humidity: 10% to 90% noncondensing
Elevation: -50 to 35,000 ft. (-16 to 10,600 m)
ES30 EXPANSION SHELF

External interface (host/expansion)
Dual 4 lane 6 Gb/s serial attached SCSI II (SAS) ports per Link Control Card (LCC)— one for host and one for expansion

Connector type
SFF-8088 connectors (mini-SAS)

SAS cable length
Up to 5 meter

Disk drives
15-drive bays per ES30 expansion shelf, support low profile, one inch high, 3.5-inch form factor drives
Drives Choices*
SAS (6 Gb/s), 3 TB or 2 TB, & 7200 RPM

Dimensions
Height: 5.25 in (13.34 cm)
Width: 19.0 in (48.3 cm)
Depth: 14.0 in (35.56 cm)
Weight: 68 lbs (30.8 kg)

Operational
Power (VA): 280VA or 235W, (100-240V ~, 47 to 63 Hz)
Thermal Rating: 800 BTU/hr
Operating Temperature:
Ambient temperature: 41o F to 104o F (5o C to 40o C)
Temperature gradient: 18o F/hr (10o C/hr)
Relative humidity extremes: 20% to 80% noncondensing
Elevation: -50 to 7500 ft (-16 to 2300 m)
Non-Operating (Transportation) Temperature:
Ambient temperature: -40o F to 149o F (-40o C to 65o F)
